Bergen Academies/Tech Prep Courses

100.00 % of all our BCA Prep Student in Ridgewood Center passed the BCA Entrance exam and were invited for interview interview process for the year of 2025!!!

We prepare the 8th grade students for the Entrance Exam of **Bergen Academies / Bergen Tech as well as Academies at Englewood**. This unique program is designed to emphasize the skills and literary elements that are required to achieve success on the High School Entrance test for schools such as Bergen Academy. **This course is also very helpful to 8th graders as Enrichment programs. (for their Advanced Math and English)**

Are you ready for the Redesigned Digital PSAT/SAT ?

The Digital SAT Suite of Assessments by College Board is the new program of standardized tests that will evaluate students for college and career readiness and success. It includes the new Digital PSAT, the redesigned Digital SAT exams, and PSAT exams for 9th and 10th grade students. These standardized tests are made to have a stronger connection with classroom learning by focusing on the materials and skills that are introduced and practiced in school.

At Honors Review, our SAT prep classes use original materials which were developed after over **25 years** of continued research into the ways and means of the SAT. **The Fall 2024 session will include brand new materials that we have created to align with the changes of the redesigned Digital SAT.**

PSAT 9th/10th Prep: Not only does the PSAT display your readiness for success, but it also helps you participate in competitive summer programs, which will strengthen your qualifications for top tier universities. The fall is the perfect time to prepare for this test, especially for 8th, 9th, and 10th grade students who wish to take the PSAT 8/9 and PSAT10 in the spring.

SAT/ACT Prep: This may be the most important test you will ever take outside of your school. A high score opens the door to the college of your choice, while a low score limits your opportunities. Although there is no easy way to beat the test writers, the good news is that **you CAN significantly improve your score with our Honors Review SAT Program.**

SAT/ACT Practice Lab: The phrase "Practice makes perfect" holds great truth for the SAT test. We offer full-length tests and explanation sessions. With each test you take, you receive a "SAT Test Report Card" which shows your strengths and weaknesses. Learning to identify and understand your errors is as important as obtaining good study habits, and this report card will help you to do so. You will be able to see clearly what you need to focus on

All of our programs are redesigned and updated for
Common Core State Standards (CCSS)

Individual or Small Group Tutoring Program

You decide how many times and what classes you
want to take. We will cater to your needs and your
schedule demands.

News Articles Reading & Writing (4th - 8th)

This class incorporates reading and discussing
current event articles to hone the ability to analyze.
More importantly, students will learn to articulate
their thoughts and opinions by practicing the
different styles of writing, including expository writing
and persuasive writing.

- Power Writing (3rd-10th): This is a one-to-one
writing program to satisfy each student’s unique
needs. The instructors will help the students with
Paragraph Improvements, Grammar, and
Vocabulary and Idea Development. It will enhance
your child’s writing skills with a variety of topics and
essay styles. This program has been selected by
the NJ Department of Education as an SES
program.

- Honors Math (4th-10th): The key to the system is
that it is self-paced. With the help of our
individualized material and skilled instructors,
students progress through according to their ability,
not their grade level. After a mandatory diagnostic
test and careful assessment, we will set clear goals
and minimize broad approaches to establish
effective lesson plans which will lead to high
performance in school.

2025 Fall Class Schedule

This schedule is tentative

In-Person 2025 FALL PROGRAM

September 8th, 2025 - January 30th, 2026

Master Reading and Vocabulary (4th-8th):

Students will read, fiction, non-fiction, poetry and/or
biographic passages (Common Core) to practice
their reading comprehension skills and build
analytical thinking skills. In addition, students will
learn enriching vocabulary so that they will be more
effective in expressing their thoughts orally and in
writing.

Group Workshop Program

- Writing Club (3rd-8th): Being able to write well-
organized, detailed essays is one of the most
important skills your child needs in order to succeed
in school. Everything the students need to know about
essay writing will be taught in this class.

- High School English (9th-10th) + PSAT/SAT - 9/10
The focus is on non-fiction reading comprehension,
grammar and essay writing. The students will also
learn ten to twenty vocabulary words in each class.
These words have been taken from recent SAT tests.
All in all, this class will prepare students for the SAT
as well as enable them to succeed in high school
English classes.

News Articles Reading & Writing (4th - 8th)

This class incorporates reading and discussing
current event articles to hone the ability to analyze.
More importantly, students will learn to articulate
their thoughts and opinions by practicing the
different styles of writing, including expository writing
and persuasive writing.
