Honors Review SAT prep classes use all **Digital SAT materials** with our experience which were developed after over **22 years** of continued research into the ways and means of the SAT. Honors Review materials are clear, complete, cohesive, and effective tutorials. Our materials were validated by the students who have achieved results that exceeded their highest expectations.

All students in the SAT program will be placed with one-on-one care for careful and precise college planning.

**Digital SAT/ACT Prep.:** This may be the most important test you will ever take outside of your school. A high score opens the door to the college of your choice, while a low score limits your opportunities. Although there is no easy way to beat the test writers, the good news is that **you CAN significantly improve your score with our Honors Review SAT Program.**

**AP Practice Test Prep.:** AP courses and the test scores have become very important for college admission since 2021. College Board announced that the SAT subject tests will be discontinued. In college Admission, AP courses and Test Scores are very critical for the prominent college admission. We, Honors Review, offer online tutoring class with AP practice tests and review. (Please check our AP subject courses available)

**SAT / ACT Practice Lab:** The phrase "Practice makes perfect" holds a great amount of truth for the SAT test. We offer full-length tests and explanation session. With each test you take, you will receive a "SAT Test Report Card" which shows your strengths and weaknesses. Learning to identify and understand your errors is as important as obtaining good study habits, and this report card will help you to do so. You will be able to see clearly what you need to focus on. **We now also offer ACT test review sessions, so please ask us for more information.**

**❑ NJSLA Test Prep – Reading & Writing Courses for 4<sup>th</sup> – 8<sup>th</sup>**

Students will read fiction, non-fiction, poetry and/or biographic passages to **practice their reading comprehension skills and build analytical thinking skills for Standard Test**. We also teach how to write the **specific type of essay(Narrative Writing) for the test**. All of our students will learn enriching English and standard test for 20 weeks.  
(1.5 hrs Class, In person – small group classes)

**Individual and Small Group Tutoring Program**

**You decide how many times and what classes you want to take. We will cater to your needs and your schedule demands.**

**❑ Power Writing (4<sup>th</sup> – 10<sup>th</sup>)**

This is a **one-to-one writing program** to satisfy each student's unique needs. The instructors will help the students with paragraph improvements, grammar, and Idea development. It will enhance your child's writing skills with a variety of topics and essay styles. *This program has been selected by the NJ Department Of Education as an SES program.* (30 min. 1<sup>st</sup> draft + 30 min. 1:1 Review & Discuss New Topic with Instructor + 30-45 min. Final draft)

**❑ Honors Math (4<sup>th</sup> – 10<sup>th</sup>)**

The key to the system is that it is self-paced. With the help of our individualized material and skilled instructors, students progress through according to their ability, not their grade level. After a mandatory diagnostic test and careful assessment, we will set clear goals and minimize broad approaches to establish effective lesson plans which will lead to high performance in school.

(1.5 hrs, Total 4 students maximum per class)
